

QR Codes for Attendance

Using Microsoft Forms

Brought to you by the Center for Teaching and Learning, Marquette University

- 1) Login to <https://portal.office.com>
- 2) Locate Forms by pressing the Grid Icon and then choose Forms

3) Choose New Form

4) Name your form and press Add New to start adding questions.
Separating first and last name is a good idea.

- 5) When satisfied with the questions, press the three dots in the upper right, then Settings to display this screen:
You'll probably want to limit it to people in my organization and choose 'one response per person'
You can also set a window of time that this form is available.

6) Next, press Collect Responses.

Press the QR code icon and Shorten URL.

You can then Download the QR code and paste it into your slide deck for the day, or print it out to pass around etc.

Also include the URL in case people have camera issues.

7) When ~~class~~ class is over, go back into your form
