

robert.stango@mu.edu

Education:

Ph.D. Theoretical and Applied Mechanics University of Illinois, Urbana, Illinois 1985
M.S. Applied Mechanics University Bridgeport, Bridgeport, Connecticut 1977
B.S. Mechanical Engineering University of New Haven, West Haven, Connecticut 1974

Professional Registration, Memberships

Licensed Professional Engineer (P.E.), State of Wisconsin 1992-date
Member, American Society of Mechanical Engineers (ASME) 1974-date
Member Society for Protective Coatings (SSPC) 2004-date
Member National Society of Corrosion Engineers (NACE) International, 2006

Patents:

xMethod and Device for Depositing a Layer of Material on a Surface
U. S. Patent Application 09/131,848
Notice of Allowance: Nov. 1, 1999
xDevice for Depositing a Layer of Material on a Surface
United States Patent no. 5,827,368
Date of Patent: Oct. 27, 1998.

Professional Experience:

2003-date Professor of Mechanical Engineering and Director, Deburring and Surface Finishing
Research Laboratory (DSFRL), Marquette University, Milwaukee, WI.
2005-2006 Visiting Scientist, (sabbatical), Medication Corporation, Denver, CO.
1990-2003 Associate Professor of Mechanical Engineering, and Director, Deburring
and Surface Finishing Research Laboratory, Department of Mechanical and
Industrial Engineering, Marquette University, Milwaukee, WI.
1998-1999 Visiting scientist, (Sabbatical), 3M Abrasive Systems Division, St. Paul,
MN.
1998 Visiting Scientist (Summer), United Technologies Research Center, E. Hartford, CT.
1991-1992 Visiting Scientist, (Sabbatical), Pfaundler Brush Manufacturing Co., Menomonee
Falls, WI.
1982-1990 Assistant Professor of Mechanical Engineering, Department of Mechanical and Industrial
Engineering, Marquette University, Milwaukee, WI.
1977-1982 Teaching/Research Assistant, Department of Theoretical and Applied Mechanics,
University of Illinois, Urbana, IL.
1980 Research Engineer (Internship), Owens Corning Fiberglass Technical Center, Granville,
OH.
1975-1976 Application Development Engineering, Branson Sonic Power Co., Danbury, CT.

Course Instruction:

Graduate:

xIntroduction to Finite Element Method
xAdvanced Machine Design/Stress Analysis
xAnalysis and Design of Polymers/Composite Materials
xAdvanced Dynamics/Vibrations

Undergraduate:

Statics/Dynamics
Machine Design/Mechanics of Materials
Senior Design
Dynamics of Mechanical Systems
Numerical Methods in Engineering
