

FACHEX and Tuition Exchange Programs for Dependents of Marquette Faculty and Staff

Entry Term: Fall 2025 (Updated 11/2024)

Marquette University is pleased to participate in no tuition exchange programs:

- 1) Faculty and Staff Children Exchange (FACHEX) program which is sponsored by six (6) Jesuit colleges and universities. The value of FACHEX award equal tuition.
- 2) Tuition Exchange (TE) Program which includes more than [660 member institutions](#). The value of the TE scholarship is tuition or the annual set rate (\$2,000 for 2024-2025). TE funding may include federal and state grant dollars, institutional scholarships, curricular awards, and grants. The bottom line is the amount of award will equal tuition or the set rate.

Through FACHEX and TE programs dependent children of Marquette's faculty and staff may be eligible to apply for FACHEX and TE award at another participating institution. FACHEX and TE awards are competitive, and not guaranteed. FACHEX and TE awards are determined by each university individually based upon a competitive review of all certified applicants, utilizing the student's freshman application file.

Marquette University's main responsibility is to certify eligible employees and their dependents through [EZ App](#). Dependents can select the universities they desire to apply to on EZ app and these universities will be informed that the dependents are applying for FACHEX and/or TE awards. Marquette University is not involved in any award decision making.

Procedures & Timeline

1. Fill out [EZ App](#) by December 1, 2024
- number of active

schools will be automatically certified.

applications system. Only one EZ App application needs to be submitted to cover both FACHEX and TE certifications.

app, families can complete their Tuition Exchange online application, check their application status,

7. FACHEX and TEP Review and Notification: March to May 2025
FACHEX and TEP Awards are competitive, and merit based. Decisions for these awards are based entirely on the credentials included in the student's admission application and are made independently by each university. Initial FACHEX or TEP Award notifications are typically made in March. For some universities (check with the admissions office of the university of choice), admitted students that are not offered an award will be placed on a wait list and will be reviewed for additional awards if they become available throughout the spring. Normally, universities notify students that they are placed on the wait list. Institutions vary as to the method of notification, using phone calls, letters through USPS, or

General Information and FAQs

Freshman or Transfer students

Preference for FACHEX and TE Awards is given to new freshman applicants. Students currently attending a participating university without a FACHEX or TE Award and who remain eligible/become eligible for the program during their enrollment should contact the Incoming FACHEX or TE Coordinator at that university to learn whether it is possible to be placed on a waiting list for any available awards not filled by new freshmen applicants and to confirm any necessary certification or other requirements.

Value of Awards

FACHEX awards are for full tuition. TE Awards may be for full tuition or for a set amount (\$42,000 for 2024-2025). Each institution determines whether they will award the set amount or full tuition. Some institutions in the programs have other fees associated with the award. Be certain to read any award letter carefully to know what is expected of award recipients. It's worth to mention that 2 of the 26 Jesuit schools in the FACHEX program are also members of Tuition Exchange. In some cases, those schools offer a FACHEX award (full tuition) and set rate TE award, which is less than full tuition. That decision is made by the awarding institution.

What are the awards applicable to

FACHEX and TE Awards are applicable to undergraduate study only.
